

# Resume of the third meeting in the Climate Assembly at SAMF – 9. November 2023

The purpose of the third Assembly was to focus on the challenges and dilemmas within four core themes.

The first theme was The Visionary SAMF, what role should SAMF play in the future.

The second theme was Mobility and Travel,

The third theme was Buildings.

The fourth theme was Education and Research.

## 1. Welcome, purpose, and program.

The meeting started with a welcome and an introduction to the themes of the 3rd Climate Assembly by Sofie and Simone from We Do Democracy. One of the main focuses of this meeting was to work on the concrete recommendations, so that they can be the basis for the discussion of the upcoming open assembly.

## 2. Reflections and collection from 2. Meeting

The group discussed and reflected on the previous meeting's points and refreshed what they had done so far.

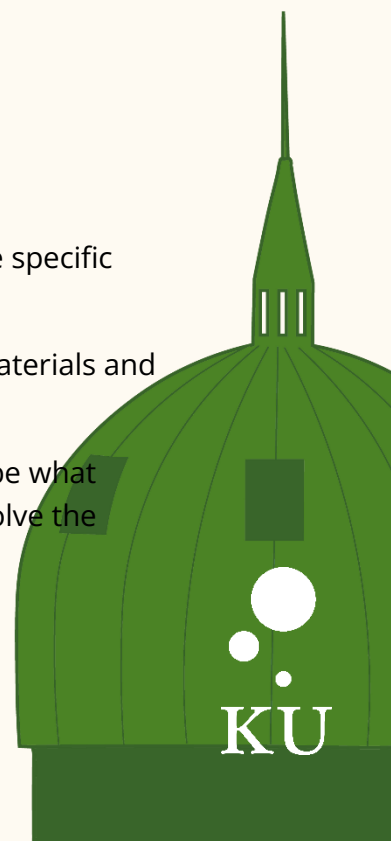

## 3. Work with recommendations Part 1: Dilemmas and challenges

The assembly was divided into 5 groups, each of which would work on the specific recommendations.

They were given inputs and the group read and discussed the different materials and talked about what they thought were the most important points.

Once they had immersed themselves in the inputs, they started to describe what problems they wanted to solve and what changes needed to happen to solve the problems.

The problems and changes were written down on a poster.

#### 4. Feedback Gallery

The posters with the problems and changes were put on the wall and the groups read each other's ideas and problems.

They gave each other concrete and constructive feedback on the different problems and proposed changes.

The groups reconvened and read the feedback received from the other groups.

#### 5. Work with recommendations Part 2: Ideas and initiatives

The groups continued to work with the recommendations, this time focusing on writing more specific recommendations for the areas they had focused on.

#### 6. Work with recommendations Part 3: Ideas and initiatives

The groups read the work of the other groups and added their knowledge and opinions to further develop and qualify the recommendations.

#### 7. Preparing for open assembly

The group prepared for the upcoming Open Assembly in the Climate Assembly. They assigned roles and were introduced to how the Open Assembly would take place.

#### 8. Thanks for tonight.
