Focus Areas of the Faculty of Social Sciences 2016

For the implementation of "Strategy for the Faculty of Social Sciences 2012-16", UCPH’s plans/targets

The focus areas have been discussed by the Academic Council and by the Faculty Collaboration Committee and subsequently decided by the Faculty Management Team (FLT).

Education

- UCPH Accreditation including the implementation of teaching portfolio and teaching evaluation practices
- Pedagogic developments
- Study progress and dropout rate
- Satisfaction and Well-being: Execution and follow-up of the Teaching Environment Evaluation 2016

Research

- Completion and follow-up of the Research Assessment
- Set-up of Copenhagen Centre for Social Data Science (if it is decided to start it up)
- Creation of the PhD Degree in Social Science
- Increase the number of applications to Innovation Fund Denmark, Danish National Research Foundation, European Research Council, EU in general and private Danish and international foundations

External Relations and Outreach

- Increase the number of private and public partnerships in research and education
- Strengthen our position and profile (research and education)
- Implementation of new "Public Policy" initiatives
- Extend our relations to Fudan University and establish new strategic international partnerships

Administration and Management

- Improvement and optimisation of administrative procedures and the organisation at the Faculty and at UCPH as part of the budget adjustments until 2019
- Development of a Faculty team of heads of studies
